ICE CREAM DELIGHTS

ACTIVITIES:

Ice cream matching game:

- Print off and use in a foam movement cube.
- Which ever colour is rolled , the swimmers go & find the colour ping pong ball (ice cream balls), then swim back to put in their chosen cone or bowl.

Ice cream shop:

- Using colourful pom poms/felt balls. Place them in bowls around your pool space. The swimmers go and choose what “flavours” they would like. Place them on the ice cream cone play mat.
- Teacher holds different coloured pom poms under the water and the swimmer goes under and picks which “flavour” they would like.
- Using bath foam numbers - swimmers pick a number and that is the amount of ice cream balls they go and collect. Can add that they blow them back (mini game of who can blow them back the fastest?).

Ice cream patterns:

- Using the ice cream pattern play mats. Swimmers choose their mats and they go and found the ice cream balls one by one in order on the pattern.

Melting the ice cream:

- Sprinkle toys and they swim under as a group or they can do it individually.
